

Message from Mayor Mahr and the Borough Council

Fanwood Mayor Colleen Mahr and the Fanwood Borough Council condemn the heinous attacks by Hamas on the people of Israel. The slaughter of innocent civilians, including children and the elderly is indefensible and disgusting.

We are aware that some of our Jewish neighbors have family and friends in the region and are worried about them. We want you to know that we support you and share your concern. The Fanwood governing body will stay in touch with our local Rabbis and community leaders to render support in any way we can.

We urge our Congressional delegation to join the rest of Congress in making available the resources to assist Israelis in defending their country and join an international coalition fighting Hamas and its partners in terrorism. We also support a larger effort to bring a lasting peace to this region of the world so that one day the persistent violence that has claimed thousands of lives will be a thing of the past.

Mayor Colleen Mahr
Council President Jeff Banks
Councilwoman Gina Berry
Councilman Anthony Carter
Councilwoman Erin McElroy Barker
Councilwoman Kathy Mitchell
Councilwoman Patricia Walsh
