#### **INDEPENDENT AUDITOR'S REPORT**

The Honorable Mayor and Members of the Borough Council Borough of Fanwood County of Union Fanwood, New Jersey 07023

## Report on the Audit of the Financial Statements

#### **Opinions**

We have audited the accompanying balance sheets - regulatory basis of the various individual funds and account group of the Borough of Fanwood (the "Borough"), as of and for the years ended December 31, 2023 and 2022, the related statements of operations and changes in fund balance - regulatory basis for the years then ended, and the related statement of revenues - regulatory basis and statement of expenditures - regulatory basis of the various individual funds for the year ended December 31, 2023, and the related notes to the financial statements, which collectively comprise the Borough's regulatory financial statements as listed in the table of contents.

#### **Unmodified Opinion on Regulatory Basis of Accounting**

In our opinion, the regulatory financial statements referred to above present fairly, in all material respects, the regulatory basis balances sheets of the various individual funds and account group as of December 31, 2023 and 2022, the regulatory basis statement of operations and changes in fund balance for the years then ended and the regulatory basis statement of revenues and expenditures and changes in fund balance for the year ended December 31, 2023 in accordance with the basis of financial reporting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") as described in Note 1.

## Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Matter Giving Rise to Adverse Opinion" paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the various individual funds and account group of the Borough as of December 31, 2023 and 2022, or the results of its operations and changes in fund balance for the years then ended or the revenues or expenditures for the year ended December 31, 2023.

#### Basis for Adverse and Unmodified Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the audit requirements prescribed by the Division, and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Borough and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse and unmodified audit opinions.

#### Matter Giving Rise to Adverse Opinion

As described in Note 1 of the regulatory financial statements, the regulatory financial statements are prepared by the Borough on the basis of the financial reporting provisions prescribed by the Division, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of New Jersey. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

## Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the regulatory financial statements in accordance with the regulatory basis of accounting prescribed by the Division, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of regulatory financial statements that are free from material misstatement, whether due to fraud or error. In preparing the regulatory financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Borough's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the regulatory financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards* and audit requirements prescribed by the Division will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, Government Auditing Standards and audit requirements prescribed by the Division, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Borough's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

#### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Borough's regulatory financial statements. The supplementary information, and data listed in the table of contents as required by the Division are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information, and data listed in the table of contents, as required by the Division are fairly stated, in all material respects, in relation to the regulatory financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 3, 2024 on our consideration of the Borough's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Borough's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Borough's internal control over financial reporting and compliance.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Mayor and Members of the Borough Council Borough of Fanwood County of Union Fanwood, New Jersey 07023

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the regulatory financial statements of the various individual funds and the account group of the Borough of Fanwood, as of and for the year ended December 31, 2023, and the related notes to the financial statements, which collectively comprise the Borough's regulatory financial statements, and have issued our report thereon dated May 3, 2024. Our report disclosed that, as described in Note 1 to the financial statements, the Borough of Fanwood prepares its financial statements on a basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with a modified accrual basis and the budget laws of the State of New Jersey, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

#### Internal Control Over Financial Reporting

In planning and performing our audit of the regulatory financial statements, we considered the Borough's control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, we do not express an opinion on the effectiveness of Borough's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Borough of Fanwood's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. However, we noted other matters involving internal control that we have reported to the Borough of Fanwood in the General Comments and Recommendations of this report.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. However, there were other instances of noncompliance which we discussed in Part III, General Comments and Recommendations section of this audit report.

#### Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Borough of Fanwood's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Borough of Fanwood's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

#### **BOROUGH OF FANWOOD**

## NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2023 AND 2022

## NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

## A. Reporting Entity

The Borough of Fanwood is an instrumentality of the State of New Jersey, established to function as a municipality. The Borough Council consists of elected officials and is responsible for the fiscal control of the Borough.

As defined by GAAP established by the GASB, the financial reporting entity consists of the primary government, as well as component units, which are legally separate organizations for which elected officials of the primary government are financially accountable. The Borough is financially accountable for an organization if the Borough appoints a voting majority of the organization's governing board and (1) the Borough is able to significantly influence the programs or services performed or provided by the organizations; or (2) the Borough is legally entitled to or can otherwise access the organization's resources; the Borough is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; of the Borough is obligated for the debt of the organization. Except as noted below, the financial statements of the Borough of Fanwood include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Borough of Fanwood, as required by N.J.S.A. 40A:5-5. Accordingly, the financial statements of the Borough of Fanwood do not include the operations of the regional school district, inasmuch as its activities are administered by a separate board.

#### B. Description of Funds

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. GASB codification establishes three fund types and two account groups to be used by general purpose governmental units when reporting financial position and results of operations in accordance with U.S. Generally Accepted Accounting Principles (GAAP).

The accounting policies of the Borough of Fanwood conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the financial transactions and accounts of the Borough of Fanwood are organized on the basis of funds and an account group which is different from the fund structure required by GAAP.

#### B. Description of Funds (Continued)

A fund or account group is an accounting entity with a separate set of self-balancing accounts established to record the financial position and results of operation of a specific government activity. As required by the Division of Local Government Services, the Borough accounts for its financial transactions through the following individual funds and account groups:

<u>Current Fund</u> - resources and expenditures for governmental operations of a general nature, including federal and state grant funds

<u>Trust Fund</u> - receipts, custodianship and disbursements of funds in accordance with the purpose for which each reserve was created

<u>General Capital Fund</u> - receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund

<u>Sewer Utility Operating and Capital Funds</u> – account for the operations and acquisition of capital facilities of the municipality owned Sewer utility

<u>General Fixed Assets Account Group</u> - utilized to account for property, land, buildings and equipment that have been acquired by other governmental funds

### C. Basis of Accounting

The accounting principles and practices prescribed for municipalities by the State of New Jersey differ in certain respects from generally accepted accounting principles applicable to local governmental units. The more significant accounting policies and differences in the State of New Jersey are as follows:

A modified accrual basis of accounting is followed with minor exceptions.

Revenues - are recorded when received in cash except for certain amounts which are due from other governmental units. Operating grants are realized as revenue when anticipated in the Borough's budget. Receivables for property taxes are recorded with offsetting reserves on the balance sheet of the Borough's Current Fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due the Borough, which are susceptible to accrual, are also recorded as receivables with offsetting reserves and recorded as revenue when received. GAAP requires revenues to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

#### C. Basis of Accounting (Continued)

Expenditures - are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods or services through the issuances of a purchase order in conjunction with the Encumbrance Accounting System. Outstanding encumbrances, at December 31, are reported as a cash liability in the financial statements and constitute part of the Borough's statutory Appropriation reserves covering Appropriation Reserve balance. unexpended appropriation balances are automatically created at December 31st of each year and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income. Appropriations for principal payments on outstanding general capital and utility bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis, whereas interest on utility indebtedness is on the accrual basis.

<u>Encumbrances</u> - Contractual orders, at December 31, are reported as expenditures through the establishment of encumbrances payable. Under, GAAP, encumbrances outstanding at year end are reported as reservations of fund balance because they do not constitute expenditures or liabilities.

<u>Foreclosed Property</u> - is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved. GAAP requires such property to be recorded in the General Fixed Assets Account Group at its market value.

<u>Sale of Municipal Assets</u> - The proceeds from the sale of municipal assets can be held in a reserve until anticipated as a revenue in a future budget. GAAP requires such proceeds to be recorded as a revenue in the year of sale.

<u>Interfunds</u> - Interfunds receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves. GAAP does not require the establishment of an offsetting reserve.

#### C. Basis of Accounting (Continued)

General Fixed Assets - N.J.A.C. 5:30-5.6, Accounting for Governmental Fixed Assets, as promulgated by the Division of Local Government Services, which differs in certain respects from generally accepted accounting principles, requires the inclusion of a statement of general fixed assets of the Borough as part of its basic financial statements. General fixed assets are defined as nonexpendable personal property having a physical existence, a useful life of more than one year and an acquisition cost of \$1,000.00 or more per unit. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

Property and equipment acquired by the Current and General Capital Funds are recorded as expenditures at the time of purchase and are not capitalized in their own respective funds.

The General Fixed Assets that have been acquired and that are utilized in the Current and General Capital Funds are instead accounted for in the General Fixed Asset Account Group. No depreciation has been provided on general fixed assets or reported in the financial statements.

Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation.

Fixed assets acquired through grants in aid or contributed capital have not been accounted for separately.

<u>Inventories of Supplies</u> - The cost of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The cost of inventories is not included on the various balance sheets. GAAP requires the cost of inventories to be reported as a current asset and equally offset by a fund balance reserve.

<u>Fixed Capital - Sewer Utility</u> - Accounting for utility fund "fixed capital" remains uncharged under N.J.A.C. 5:30-5.6, Accounting for Governmental Fixed Assets.

Property and equipment purchased by the Sewer Utility Fund are recorded in the capital account at cost and are adjusted for disposition and abandonment. The amounts shown do not purport to represent reproduction costs or current value. The fixed capital reported is as taken from the municipal records and does not necessarily reflect the true condition of such fixed capital. Contributions in aid of construction are not capitalized. The balance in the Reserve for Amortization and Deferred Reserve for Amortization account in the utility capital fund represents charges to operations for the cost of acquisition of property, equipment and improvements. The utility does not record depreciation on fixed assets.

#### C. Basis of Accounting (Continued)

#### Accounting and Financial Reporting for Pensions

Governmental Accounting Standards Board (GASB) Statement No. 68 Accounting and financial reporting for pensions administered by state and local government employers improves accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local government employers about financial support for pensions that is provided by other entities. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for pensions with regard to providing decision useful information, supporting assessments of accountability and interperiod equity, and creating additional transparency.

Under GAAP, municipalities are required to recognize the pension liability in Statements of Revenues, Expenses, Changes in Net Position (balance sheets) and Notes to the Financial Statements in accordance with GASB 68. The liability required to be displayed by GASB 68 is displayed as a separate line item in the Unrestricted Net Position area of the balance sheet.

New Jersey's municipalities and counties do not follow GAAP accounting principles and, as such, do not follow GASB requirements with respect to recording the net pension liability as a liability on their balance sheets. However, N.J.A.C. 5:30 6.1(c) (2) requires municipalities to disclose GASB 68 information in the Notes to the Financial Statements. The disclosure must meet the requirements of GASB 68.

The New Jersey Division of Local Government Services issued Local Finance Notice 2021-10 which allows local units to disclose the most recently available information as it relates to the New Jersey Division of Pension & Benefits' reporting on GASB 68. As of the date of this report, the information for the period ended June 30, 2023 was not available, therefore the information dated June 30, 2022 is disclosed.

## Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions (OPEB)

The Governmental Accounting Standards Board (GASB) has issued Statement No. 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions". This statement establishes standards for measuring and recognizing liabilities, deferred outflows and inflows of resources, and expenses for postemployment benefits other than pensions.

It also requires the State of New Jersey to calculate and allocate to each participating member, for note disclosure purposes only, the OPEB net liability of New Jersey Health Benefits Local Government Retiree Plan (the Plan). The statement does not alter the amount of funds that must be budgeted for OPEB payment under existing state law.

#### C. Basis of Accounting (Continued)

Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions (OPEB)

Under GAAP, municipalities are required to recognize the OPEB liability in Statements of Revenues, Expenses, Changes in Net Position (balance sheets) and Notes to the Financial Statements in accordance with GASB 75. The liability required to be displayed by GASB 75 is displayed as a separate line item in the Unrestricted Net Position area of the balance sheet.

New Jersey's municipalities and counties do not follow GAAP accounting principles and, as such, do not follow GASB requirements with respect to recording the OPEB liability as a liability on their balance sheets. However, N.J.A.C. 5:30 6.1(c) (2) requires municipalities to disclose GASB 75 information in the Notes to the Financial Statements. The disclosure must meet the requirements of GASB 75.

The New Jersey Division of Local Government Services issued Local Finance Notice 2021-10 which allows local units to disclose the most recently available information as it relates to the New Jersey Division of Pension and Benefits reporting on GASB 75. As of the date of this report the information for the period ended June 30, 2023 was not available, therefore the information dated June 30, 2022 is disclosed.

#### <u>Leases</u>

Under GAAP, lease receivables are measured at the present value of the lease payments expected to be received during the lease term. Payments are recorded as an inflow of resources in the period the payment is received. The deferred inflow of resources is recorded at the initiation of the lease in an amount equal to the initial recording of the lease receivable. The deferred inflow of resources is amortized in a systematic and rational manner over the lease term.

Lease liabilities represent obligations to make lease payments arising from the lease. Lease liabilities are recognized at the commencement date based on the present value of the expected lease payments over the lease term, less any lease incentives. Interest expense is recognized ratably over the contract term. The lease term may include options to extend or terminate the lease when it is reasonably certain that the option will be exercised. Payments for short-term leases with a term of 12 months or less are expensed as incurred and these leases are not included as lease liabilities or right —to-use assets on the statements of net position.

New Jersey's municipalities do not follow GAAP accounting principles and, as such, do not follow GASB requirements with respect to recording lease receivables, deferred outflows, lease liabilities or deferred inflows on their balance sheets.

#### D. Basic Financial Statements

The GASB codification also defines the financial statements of a governmental unit to be presented in the general purpose financial statements to be in accordance with GAAP. The Borough presents the financial statements listed in the table of contents of the "Requirements of Audit and Accounting Revision of 1987" as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and which differ from the financial statements required by GAAP.

#### NOTE 2: CASH AND CASH EQUIVALENTS

The Borough considers petty cash, change funds, cash in banks, deposits in the New Jersey Cash Management Fund and certificates of deposit as cash and cash equivalents.

#### A. Deposits

New Jersey statutes permit the deposit of public funds in institutions which are located in New Jersey and which meet the requirements for the Governmental Unit Deposit Protection Act (GUDPA) or the State of New Jersey Cash Management Fund. GUDPA requires a bank that accepts public funds to be a public depository. A public depository is defined as a state bank, a national bank, or a savings bank, which is located in the State of New Jersey, the deposits of which are insured by the Federal Deposit Insurance Corporation. The statutes also require public depositories to maintain collateral for deposits of public funds that exceed certain insurance limits. All collateral must be deposited with the Federal Reserve Bank or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.00.

The Borough of Fanwood had the following cash and cash equivalents at December 31, 2023:

			Recond	ciling					
									Reconciled
Fund Type		Bank Balance	<u>Additions</u>		<u>Deletions</u>		Change Funds		<u>Balance</u>
Current Fund	\$	2,947,029.55	\$ 153,336.66	\$	64,253.41	\$	350.00	\$	3,036,462.80
Animal Control Trust Fund		32.58	788.86		168.71				652.73
Trust Other Fund		1,329,768.24	3,236.89		12,736.28				1,320,268.85
Municipal Open Space Trust Fund		89,153.71			26.08				89,127.63

Sewer Utility Capital Fund	_	89,466.55	 		3,155.01				86,311.54
Total December 31, 2023	\$_	6,924,173.76	\$ 233,389.39	. \$_	402,705.71	\$	350.00	\$_	6,755,207.44

### NOTE 2: CASH AND CASH EQUIVALENTS (CONTINUED)

#### A. Deposits (Continued)

<u>Custodial Credit Risk - Deposits</u> - Custodial credit risk is the risk that in the event of a bank failure, the deposits may not be returned. The Borough does not have a specific deposit policy for custodial credit risk other than those policies that adhere to the requirements of statute. As of December 31, 2023, based upon the coverage provided by FDIC and NJGUDPA, no amount of the bank balance was exposed to custodial credit risk. Of the cash on balance in the bank, \$747,441.92 was covered by Federal Depository Insurance and \$5,912,032.48 was covered under the provisions of NJGUDPA. \$264,699.36 is invested in the New Jersey Cash Management fund (cash equivalents) and is uninsured.

#### B. Investments

The purchase of investments by the Borough is strictly limited by the express authority of the New Jersey Local Fiscal Affairs Law, N.J.S.A. 40A:5-15.1. Permitted investments include any of the following types of securities:

- 1. Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;
- 2. Government money market mutual funds which are purchased from an investment company or investment trust which is registered with the Securities and Exchange Commission under the "Investment Company Act of 1940," 15 U.S.C. 80a-1 et seq., and operated in accordance with 17 C.F.R. § 270.2a-7 and which portfolio is limited to U.S. Government securities that meet the definition of an eligible security pursuant to 17 C.F.R. § 270.2a-7 and repurchase agreements that are collateralized by such U.S. Government securities in which direct investment may be made pursuant to paragraphs (1) and (3) of N.J.S.A. 5-15.1. These funds are also required to be rated by a nationally recognized statistical rating organization.
- 3. Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor;
- 4. Bonds or other obligations of the Local Unit or bonds or other obligations of school districts of which the Local Unit is a part or within which the school district is located.
- Bonds or other obligations, having a maturity date not more than 397 days from date of purchase, approved by the Division of Local Government Services of the Department of Community Affairs for investment by Local Units;

#### NOTE 2: CASH AND CASH EQUIVALENTS (CONTINUED)

- B. Investments (Continued)
  - 6. Local government investment pools that are fully invested in U.S. Government securities that meet the definition of eligible security pursuant to 17 C.F.R. § 270a-7 and repurchase agreements that are collateralized by such U.S. Government securities in which direct investment may be made pursuant to paragraphs (1) and (3) of N.J.S.A. 5-15.1. This type of investment is also required to be rated in the highest category by a nationally recognized statistical rating organization.
  - 7. Deposits with the State of New Jersey Cash Management Fund established pursuant to section 1 of P.L. 1977, c.281 (C. 52:18A-90.4); or
  - 8. Agreements for the repurchase of fully collateralized securities if:
    - a. the underlying securities are permitted investments pursuant to paragraphs (1) and (3) of this subsection;
    - b. the custody of collateral is transferred to a third party;
    - c. the maturity of the agreement is not more than 30 days;
    - d. the underlying securities are purchased through a public depository as defined in section 1 of P.L. 1970, c.236 (C. 17:19-41); and
    - e. a master repurchase agreement providing for the custody and security of collateral is executed.

As of December 31, 2023, the Borough has \$264,699.36 on deposit with the New Jersey Cash Management Fund. Based upon the limitations set forth by New Jersey Statutes 40A:5-15.1 and existing investment practices of the Investment Council of the New Jersey Cash Management Fund, the Borough is generally not exposed to credit risks, custodial credit risks, concentration of credit risks and interest rate risk for its investments, nor is it exposed to foreign currency risk for its deposits and investments.

#### NOTE 3: MUNICIPAL DEBT

The Local Bond Law, Chapter 40A:2, governs the issuance of bonds to finance general municipal capital expenditures. All bonds are retired in annual installments within the statutory period of usefulness. All bonds issued by the Borough are general obligation bonds, backed by the full faith and credit of the Borough. Bond Anticipation Notes, which are issued to temporarily finance capital projects, shall mature and be paid off within ten years or financed by the issuance of bonds. A summary of bond and note transactions for the year ended December 31, 2023 are detailed on Exhibits "C-11", "C-12" and "D-17".

## SUMMARY OF MUNICIPAL DEBT (EXCLUDING CURRENT OPERATING DEBT AND TYPE II SCHOOL DEBT)

	\$715,185.05	\$210,000.00	\$37,156.34	\$468,028.71

#### NOTE 4: FUND BALANCES APPROPRIATED

Fund Balance at December 31, 2023, which was appropriated and included as anticipated revenue in its own respective fund for the year ending December 31, 2024, was as follows:

Current Fund	<u>\$ 600,000.00</u>
Sewer Utility Fund	<u>\$ 114,317.88</u>

#### NOTE 5: PROPERTY TAXES

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied based on the final adoption of the current year municipal budget, and are payable in four installments on February 1, May 1, August 1 and November 1. The Borough bills and collects its own property taxes and also the taxes for the County and the Regional School District. The collections and remittance of county and school taxes are accounted for in the Current Fund. Borough property tax revenues are recognized when collected in cash and any receivables are recorded with offsetting reserves on the balance sheet of the Borough's Current Fund.

<u>Taxes Collected in Advance</u> - Taxes collected in advance and recorded as cash liabilities in the financial statements are as follows:

	BALANCE	BALANCE
	DECEMBER 31,	DECEMBER 31,
	<u>2023</u>	<u>2022</u>
Prepaid Taxes	\$111,464.46	\$134,603.43

#### NOTE 6: PENSION PLANS

Substantially all eligible employees participate in the Public Employees' Retirement System (PERS), or the Police, Firemen's Retirement System (PFRS) or the Defined Contribution Retirement System (DCRP), which have been established by state statute and are administered by the New Jersey Division of Pensions and Benefits. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System, Police and Firemen's Retirement System and Consolidated Police and Firemen's Pension Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey, 08625 or are available online at www.nj.gov/treasury/pensions/annrprts.shtml.

#### Plan Descriptions

<u>Public Employees' Retirement System (PERS)</u> - The Public Employees' Retirement System (PERS) was established as of January 1, 1955, under the provisions of N.J.S.A. 43:15A, to provide retirement, death, disability and medical benefits to certain qualified members. The PERS is a cost-sharing multiple employer plan. Membership is mandatory for substantially, all full-time employees of the State of New Jersey or any county, municipality, school district or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state pension fund or local jurisdiction's pension fund.

<u>Police and Firemen's Retirement System (PFRS)</u> - The Police and Firemen's Retirement System (PFRS) was established as of July 1, 1944, under the provisions of N.J.S.A. 43:16A. to provide retirement, death, and disability benefits to its members. The PFRS is a cost-sharing multiple-employer plan. Membership is mandatory for substantially, all full-time county and municipal police or firemen or officer employees with police powers appointed after June 30, 1944.

<u>Defined Contribution Retirement Program (DCRP)</u> - The Defined Contribution Retirement Program (DCRP) was established July 1, 2007, under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L 2007, and was expanded under the provisions of Chapter 89, P.L. 2009. The DCRP provides eligible employees and their beneficiaries with a tax-sheltered, defined contribution retirement benefit, along with life insurance coverage and disability coverage.

### Vesting and Benefit Provisions

The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A and 43:36. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service. Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving ten years of service credit, in which case, benefits would begin the first day of the month after the member attains normal retirement age.

## Vesting and Benefit Provisions (Continued)

The vesting and benefit provisions for PFRS are set by N.J.S.A. 43:16A and 43:36. All benefits vest after ten years of service, except for disability benefits, which vest alter four years of service. Retirement benefits for age and service are available at age 55. Members may seek special retirement after achieving 25 years of creditable service or they may elect deferred retirement after achieving ten years of service.

Newly elected or appointed officials that have an existing DCRP account, or are a member of another State-administered retirement system are immediately vested in the DCRP. For newly elected or appointed officials that do not qualify for immediate vesting in the DCRP. Employee and employer contributions are held during the initial year of membership. Upon commencing the second year of DCRP membership, the member is fully vested. However, if a member is not eligible to continue in the DCRP for a second year of membership, the member may apply for a refund of the employee contributions from the DCRP, while the employer contributions will revert back to the employer. Employees are required to contribute 5.5% of their base salary and employers contribute 3.0%.

#### Funding Policy

The contribution policy for PERS is set by N.J.S.A. 43:15A and requires contributions by active members and contributing employers. State legislation has modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount, which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. Funding for noncontributory group life insurance benefits is based on actual claims paid. For fiscal year 2023, the State's pension contribution was less than the actuarial determined amount. The local employers' contribution amounts are based on an actuarially determined rate, which includes the normal cost and unfunded accrued liability. During 2023, PERS provides for employee contributions of 7.50% of employees' base salary.

The contribution policy for PFRS is set by N.J.S.A. 43:16A and requires contributions by active members and contributing employers. State legislation has modified the amount that is contributed by the State. The State's contribution amount is based on an actuarially determined rate, which includes the normal cost and unfunded accrued liability. The local employers' contribution amounts are based on an actuarially determined rate, which includes the normal cost and unfunded accrued liability. For the fiscal year 2023, the State contributed an amount less than the actuarially determined amount. During 2023, PFRS provides for employee contributions of 10.00% of employees' base salary.

The Borough's share of pension costs, which is based upon the annual billings received from the State, amounted to \$816,456.00 for 2023, \$834,820.00 for 2022 and \$867,395.00 for 2021.

Certain Borough employees are also covered by Federal Insurance Contribution Act.

## Accounting and Financial Reporting for Pensions - GASB 68

The Governmental Accounting Standards Board (GASB) has issued Statement No. 68 "Accounting and Financial Reporting for Public Employees Pensions" which requires the State of New Jersey to calculate and allocate, for note disclosure purposes only, the unfunded net pension liability of Public Employees Retirement System (PERS) and the Police and Firemen's Retirement System (PFRS) of the participating municipality as of December 31, 2023. The statement does not alter the amounts of funds that must be budgeted for pension payments under existing state law.

Under accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, any unfunded net pension liability of the municipality, allocated by the State of New Jersey, is not required to be reported in the financial statements as presented and any pension contributions required to be paid are raised in that year's budget and no liability is accrued at December 31, 2023.

## Public Employees Retirement System (PERS)

As discussed in Note 1, as of the date of this report the information for the period ended June 30, 2023, for PERS was not available, therefore the information dated June 30, 2022 is disclosed.

At June 30, 2022, the State reported a net pension liability of \$2,955,140.00 for the Borough 's proportionate share of the total net pension liability. The total pension liability for the June 30, 2022 measurement date was determined by an actuarial valuation as of July 1, 2021, which was rolled forward to June 30, 2022. The Borough's proportion of the net pension liability was based on a projection of the Borough's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2022, the Borough's proportion was 0.0195816492 percent, which was a decrease of 0.0008915536 percent from its proportion measured as of June 30, 2021.

For the year ended June 30, 2022, the State recognized an actuarially determined pension benefit of \$281,101.00 for the Borough 's proportionate share of the total pension expense. The pension expense recognized in the Borough's financial statements based on the April 1, 2022 billing was \$239,765.00.

Accounting and Financial Reporting for Pensions - GASB 68 (Continued)

Public Employees Retirement System (PERS) (Continued)

At June 30, 2022, the State reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

Differences between expected and actual experience	\$	Deferred Outflow of Resources 21,329.00 \$	Deferred Inflow of <u>Resources</u> 18,809.00
Changes of assumptions		9,156.00	442,502.00
Net difference between projected and actual earnings on pension plan investments		122,311.00	
Changes in proportion and differences between Borough contributions and		44 004 00	470.054.00
proportionate share of contributions		44,281.00	176,951.00
	\$_	197,077.00 \$	638,262.00

Other local amounts reported by the State as the Borough's proportionate share of deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in the State's actuarially calculated pension expense as follows:

Year Ended	
June 30,	<u>Amount</u>
	-
2023	(\$280,023.00)
2024	(155,678.00)
2025	(89,515.00)
2026	110,867.00
2027	(26,836.00)
	(\$441,185.00)

Accounting and Financial Reporting for Pensions - GASB 68 (Continued)

Public Employees Retirement System (PERS) (Continued)

#### **Actuarial Assumptions**

The collective total pension liability for the June 30, 2022 measurement date was determined by an actuarial valuation as of July 1, 2021, which rolled forward to June 30, 2022. These actuarial valuations used the following assumptions:

Inflation

Price 2.75% Wage 3.25%

Salary Increases

Through 2026 2.75-6.55%

Based on

Years of Service

Investment Rate of Return 7.00%

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2021 valuation were based on the results of an actuarial experience study for the period July 1, 2018 to June 30, 2021.

Accounting and Financial Reporting for Pensions - GASB 68 (Continued)

Public Employees Retirement System (PERS) (Continued)

#### Long-Term Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2022) is determined by the State Treasurer, after consultation with the Directors of the Division of Investment and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major assets class included in PERS's target assets allocation as of June 30, 2022 asset are summarized in the following table:

Long-Term

		Long-renn
	Target	Expected Real
Assets Class	<u>Allocation</u>	Rate of Return
US Equity	27.00%	8.12%
Non-U.S. Developed Market Equity	13.50%	8.38%
Emerging Market Equity	5.50%	10.33%
Private Equity	13.00%	11.80%
Real Estate	8.00%	11.19%
Real Assets	3.00%	7.60%
High Yield	4.00%	4.95%
Private Credit	8.00%	8.10%
Investment Grade Credit	7.00%	3.38%
Cash Equivalents	4.00%	1.75%
U.S. Treasury's	4.00%	1.75%
Risk Mitigation Strategies	3.00%	4.91%

#### Discount Rate

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2022. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments in determining the total pension liability.

Accounting and Financial Reporting for Pensions - GASB 68 (Continued)

Public Employees Retirement System (PERS) (Continued)

Sensitivity of the Borough's proportionate share of net pension liability to changes in the discount rate

The following presents the Borough's proportionate share of the net pension liability of the participating employers as of June 30, 2022 respectively, calculated using the discount rate as disclosed above as well as what the Borough's proportionate share of the collective net pension liability would be if it was calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

		June 30, 2022	
-	1%	At Current	1%
	Decrease 6.00%	Discount Rate <u>7.00%</u>	Increase 8.00%
Borough's proportionate share of the pension liability	\$3,796,490.00	\$2,955,140.00	\$2,239,118.00

## **Special Funding Situation**

In accordance with N.J.S.A. 43:16A-15, local participating employers are responsible for their own contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State if certain circumstances occurred. For PERS, the legislation which legally obligates the State is found in Chapter 133, P.L. 2001. This special funding situation is due to the State paying the additional normal cost related to benefit improvements from Chapter 133. Previously, this additional normal cost was paid from the Benefit Enhancement Fund (BEF). As of June 30, 2022, there is no net pension liability associated with this special funding situation as there was no accumulated difference between the annual additional normal cost under the special funding situation and the actual State contribution through the valuation date.

The amounts contributed by the State on behalf of the Borough under this legislation is considered to be a special funding situation as defined by GASB Statement No. 68, and the State is treated as a nonemployer contributing entity. Since the Borough does not contribute under this legislation directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to disclose in the notes to the financial statements of the Borough related to this legislation.

Accounting and Financial Reporting for Pensions - GASB 68 (Continued)

Public Employees Retirement System (PERS) (Continued)

## Special Funding Situation (Continued)

The non-employer contributing entities' total proportionate share of the non-employer contribution that is associated with the Borough as of December 31, 2022 was 0.0196598810%, The non-employer contributing entities' contribution and employer pension expense and related revenue for the year ended June 30, 2022 was \$6,218.00.

## Pension plan fiduciary net position

Detailed information about the pension plan's fiduciary net position is available in the separately issued Financial Report for the State of New Jersey Public Employees Retirement System (PERS). The report may be obtained at State of New Jersey Division of Pensions and Benefits P.O. Box 295 Trenton, New Jersey 08625-0295 http://www.state.nj.us/treasury/pensions

## Police and Firemen's Retirement System (PFRS)

At June 30, 2022, the State reported a net pension liability of \$4,698,068.00 for the Borough 's proportionate share of the total PFRS net pension liability. The total pension liability for the June 30, 2022 measurement date was determined by an actuarial valuation as of July 1, 2021, which was rolled forward to June 30, 2022. The Borough's proportion of the net pension liability was based on a projection of the Borough's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined.

At June 30, 2022, the Borough's proportion was 0.0410442200 percent, which was a decrease of 0.0068279500 percent from its proportion measured as of June 30, 2021.

For the year ended June 30, 2022, the State recognized an actuarially determined pension benefit of \$287,823.00. The pension expense recognized in the Borough's financial statements based on the April 1, 2022, billing was \$557,933.00.

At June 30, 2022, the State reported deferred outflows of resources and deferred inflows of resources related to PFRS from the following sources:

## Accounting and Financial Reporting for Pensions - GASB 68 (Continued)

#### Police and Firemen's Retirement System (PFRS) (Continued)

Differences between expected and actual experience	\$	Deferred Outflow of Resources 212,647.00 \$	Deferred Inflow of Resources 287,821.00
Changes of assumptions		12,876.00	591,394.00
Net difference between projected and actual earnings on pension plan investments		430,205.00	
Changes in proportion and differences between Borough contributions and proportionate share of contributions		92,737.00	1,591,603.00
	\$_	748,465.00 \$	2,470,818.00

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended	
<u>June 30</u>	<u>Amount</u>
2023	\$ (534,751.20)
2024	(449,939.20)
2025	(442,823.20)
2026	(965.20)
2027	(296,893.20)
Thereafter	 3,019.00
	\$ (1,722,353.00)

#### **Actuarial Assumptions**

Investment Rate of Return

The total pension liability for the June 30, 2022 measurement date was determined by an actuarial valuation as of July 1, 2021, which rolled forward to June 30, 2022. This actuarial valuation used the following assumptions:

7.00%

Inflation Price Wage	2.75% 3.25%
Salary Increases	3.25-16.25% Based on years of Service

Accounting and Financial Reporting for Pensions - GASB 68 (Continued)

Police and Firemen's Retirement System (PFRS) (Continued)

#### Actuarial Assumptions (Continued)

Employee mortality rates were based on the Pubs-2010 amount-weighted mortality table with a 105.6% adjustment for males and 102.5% adjustment for females. For healthy annuitants, mortality rates were based on the Pubs-2010 amount-weighted mortality table with a 96.7% adjustment for males and 96.0% adjustment for females. Disability rates were based on the PubS-2010 amount-weighted mortality table with a 152.0% adjustment for males and 109.3% adjustment for females. Mortality improvement is based on scale MP-2021.

The actuarial assumptions used in the July 1, 2021 valuation were based on the results of an actuarial experience study for the period July 1, 2018 to June 30, 2021.

#### **Long-Term Rate of Return**

In accordance with State statute, the long-term expected rate of return on plan investments (7.00 percent at June 30, 2022) is determined by the State Treasurer, after consultation with the Directors of the Division of Investment and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PFRS's target asset allocation as of June 30, 2022 are summarized in the following table:

Target	Long-Term Expected Real
<u>Allocation</u>	Rate of Return
27.00% 13.50%	8.12% 8.38%
5.50%	10.33%
13.00%	11.80%
8.00%	11.19%
3.00%	7.60%
4.00%	4.95%
8.00%	8.10%
7.00%	3.38%
4.00%	1.75%
4.00%	1.75%
3.00%	4.91%
	Allocation  27.00%  13.50%  5.50%  13.00%  8.00%  4.00%  8.00%  7.00%  4.00%  4.00%

Accounting and Financial Reporting for Pensions - GASB 68 (Continued)

Police and Firemen's Retirement System (PFRS) (Continued)

#### Discount Rate

The discount rate used to measure the total pension liability was 7.00% as of both June 30, 2022. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the non-employer contributing entity will be based on 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

## Sensitivity of the Borough's proportionate share of the net pension liability to changes in the discount rate

The following presents the Borough's proportionate share of the net pension liability of the participating employers as of June 30, 2022, calculated using the discount rate as disclosed above as well as what the Borough's proportionate share of the net pension liability would be if it was calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	June 30, 2022		
-	1% At Current 1%		
	Decrease	Discount Rate	Increase
	<u>6.00%</u>	<u>7.00%</u>	<u>8.00%</u>
Borough's proportionate share			
of the PFRS pension liability	\$6,446,256.00	\$4,698,068.00	\$3,242,692.00

Accounting and Financial Reporting for Pensions - GASB 68 (Continued)

Police and Firemen's Retirement System (PFRS) (Continued)

### Special Funding Situation

In accordance with N.J.S.A. 43:16A-15, local participating employers are responsible for their own contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State if certain circumstances occurred. The legislation which legally obligates the State is as follows: Chapter 8, P.L. 2000, Chapter 318, P.c. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L. 1991, Chapter 109, P.c. 1979, Chapter 247, P.L. 1993 and Chapter 201, P.L. 2001. The amounts contributed by the State on behalf of the Borough under this legislation is considered to be a special funding situation as defined by GASB Statement No. 68, and the State is treated as a non-employer contributing entity. Since the Borough does not contribute under this legislation directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to disclose in the notes to the financial statements of the Borough related to this legislation.

The non-employer contributing entities' total proportionate share of the collective net pension liability that is associated with the Borough as of December 31, 2022 and 2021 is 0.0410443600% and 0.0478723464% respectively, the non-employer contributing entities' contribution for the year ended June 30, 2022 and 2021 was \$104,093.00 and \$85,489.00, respectively and the employer pension expense and related revenue for the year ended June 30, 2022 and 2021 was \$96,466.00 and \$109,601.00, respectively.

At June 30, 2022 and 2021, the State's proportionate share of the net pension liability attributable to the Borough for the PFRS special funding situation is \$836,118.00 and \$984,107.00, respectively.

At June 30, 2022, the Borough's and State of New Jersey's proportionate share of the PFRS net pension liability were as follows:

Borough's Proportionate Share of Net Pension Liability	\$4,698,068.00
State of New Jersey Proportionate Share of Net Pension Liability Associated with the Borough	836,118.00
	\$5,534,186.00

## Pension plan fiduciary net position

Detailed information about the pension plan's fiduciary net position is available in the separately issued Financial Report for the State of New Jersey Police and Firemen's Retirement System (PFRS). The report may be obtained at State of New Jersey Division of Pensions and Benefits P.O. Box 295 Trenton, New Jersey 08625-0295 <a href="http://www.state.nj.us/treasury/pensions">http://www.state.nj.us/treasury/pensions</a>.

#### NOTE 7: LITIGATION

The Borough Attorney's letter did not indicate any litigation, claims or contingent liabilities that are not covered by the Borough's insurance carrier or would have a material financial impact on the Borough.

### NOTE 8: SCHOOL TAXES

Regional School Taxes have been raised and liabilities deferred by statute, resulting in the school taxes prepaid set forth in the Current Fund as follows:

	REGIONAL SCHOOL TAX				
	BALANCE BALANCE				
	DECEMBER	DECEMBER 31, 2022			
	<u>31, 2023</u>	51, 2022			
Balance of Tax	\$11,274,825.23	\$12,792,267.23			
Deferred	11,361,893.50	11,039,426.50			
Tax Payable(Prepaid)	(\$87,068.27)	\$1,752,840.73			

## NOTE 9: TERMINATION BENEFITS

Under existing contracts and policies of the Borough, employees, upon attaining retirement, accumulate benefits which may be taken as time off or paid in a lump sum. The accumulated cost of such unpaid termination compensation is not required to be reported in the financial statements as presented. The Borough has estimated its liability to be \$82,857.91. The Borough annually appropriates the amounts that are required to be paid in that year's budget and no liability is accrued at December 31, 2023.

## NOTE 10: CONTINGENT LIABILITIES

The Borough participates in several federal and state financial assistance grant programs. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the grant agreements and applicable regulations, including the expenditure of funds for eligible purposes. These programs are subject to compliance and financial audits by the grantors or their representatives. As of December 31, 2023, the Borough does not believe that any material liabilities will result from such audits.

#### NOTE 11: RISK MANAGEMENT

The Borough is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Borough participates in a self insurance program through the Garden State Joint Insurance Fund covering each of those risks of loss. The Fund is operated in accordance with regulations of the New Jersey Department of Insurance and the Division of Local Government Services of the Department of Community Affairs. The Borough's contribution to the Fund for claim payments is based on actuarial assumption determined by the Fund's actuary. Management believes such coverage is sufficient to preclude any significant uninsured losses to the Borough.

New Jersey Unemployment Compensation Insurance - The Borough has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the Borough is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The Borough is billed quarterly for amounts due to the State. Below is a summary of Borough contributions, employee contributions, reimbursements to the State for benefits paid, and the ending balance of the Borough's expendable trust fund for the current and previous two years:

	Borough			
	Contributions	Employee	Amount	Ending
<u>Year</u>	and Interest	Contributions	Reimbursed	<u>Balance</u>
2023	\$ 208.04	\$ 6,187.20	\$ 8,373.85	\$ 6,443.65
2022	48.85	6,100.07	6,777.47	8,422.26
2021	43.12	5,792.13	4,667.38	9,050.81

#### NOTE 12: INTERFUND RECEIVABLES AND PAYABLES

The following interfund balances remained on the balance sheet at December 31, 2023:

Fund	Interfund Receivable	Interfund Payable
Current Fund	\$68,991.57	\$826,874.52
Assessment Trust Fund		318.56
Animal Control Fund		2.04
Trust Other Fund	30,000.00	56,034.94
General Capital Fund	634,269.03	91,991.28
Sewer Utility Operating Fund	83.43	12,731.54
Sewer Utility Capital Fund	254,692.28	83.43
	\$988,036.31	\$988,036.31

All balances resulted from the time lag between the dates that payments between the funds are made.

#### NOTE 13: DEFERRED COMPENSATION PLAN

The Borough offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all Borough employees, permits them to defer a portion of their salaries until future years. The Borough does not make any contribution to the plan. The deferred compensation is not available to employees until retirement, death, disability, termination or financial hardships.

In accordance with the requirements of the Small Business Job Protection Act of 1996 and the funding requirements of Internal Revenue Code Section 457(g), the Borough's Plan was amended to require that all amounts of compensation deferred under the Plan are held for the exclusive benefits of plan participants and beneficiaries. All assets and income under the Plan are held in trust, in annuity contracts or custodial accounts.

All assets of the plan are held by an independent administrator, the Lincoln National Life Insurance Company.

The accompanying financial statements do not include the Borough's Deferred Compensation Plan activities.

## NOTE 14: LENGTH OF SERVICE AWARDS PROGRAM

The Borough of Fanwood adopted an ordinance establishing a Length of Service Awards Program for the members of the Fanwood Volunteer Fire Department and the Fanwood Volunteer First Aid Squad pursuant to N.J.S.A. 40A:14-183 et seq.

Under this program, each volunteer that performs the minimum amount of service will have an annual contribution deposited into a tax deferred income account that will earn interest for the volunteer. New Jersey statutes establish a minimum contribution of \$100 and a maximum contribution of \$1,150 per year, subject to annual increases as certified by the Division of Local Government Services. The cost will be budgeted annually in the budget of the Borough and amounted to \$26,000.00 in 2023.

The accompanying financial statements do not include the Borough's Length of Service Awards Program's activities. The Borough's Length of Service Awards Program's financial statements are contained in a separate review report, as required by State regulations.

The Governmental Accounting Standards Board (GASB) has issued Statement No. 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions". This statement establishes standards for measuring and recognizing liabilities, deferred outflows and inflows of resources, and expenses for postemployment benefits other than pensions. OPEB obligations are non-pension benefits that the municipality has contractually or otherwise agreed to provide employees once they have retired and, in most instances, will be for retirement health, prescription and dental insurance coverage.

Under current New Jersey budget and financial reporting requirements, the municipality is not required to fund any amounts in excess of their current costs on a pay-as-you-go basis or to accrue funds, create a trust or issue debt to finance their other post-employment benefit liability. Additionally, the Borough is not required to recognize any long-term obligations resulting from OPEB on their financial statements.

#### Plan Description and Benefits Provided

The State Health Benefit Local Government Retired Employees Plan (the Plan) is a cost-sharing multiple-employer defined benefit other postemployment benefit (OPEB) plan with a special funding situation. It covers employees of local government employers that have adopted a resolution to participate in the Plan. The Plan meets the definition of an equivalent arrangement as defined in paragraph 4 of GASB Statement No. 75, Accounting and Financial Reporting for the Postemployment Benefits Other Than Pensions; therefore, assets are accumulated to pay associated benefits.

The Plan provides medical and prescription drug coverage to retirees and their covered dependents of the employers. Under the provisions of Chapter 88, P.L 1974 and Chapter 48, P.L. 1999, local government employers electing to provide postretirement medical coverage to their employees must file a resolution with the Division. Under Chapter 88, local employers elect to provide benefit coverage based on the eligibility rules and regulations promulgated by the State Health Benefits Commission. Chapter 48 allows local employers to establish their own age and service eligibility for employer paid health benefits coverage for retired employees.

#### Plan Description and Benefits Provided (Continued)

Under Chapter 48, the employer may assume the cost of postretirement medical coverage for employees and their dependents who: 1) retired on a disability pension; or 2) retired with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 3) retired and reached the age of 65 with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 4) retired and reached age 62 with at least 15 years of service with the employer. Further, the law provides that the employer paid obligations for retiree coverage may be determined by means of a collective negotiations' agreement.

In accordance with Chapter 330, P.L. 1997, which is codified in N.J.S.A 52: 14-17.32i, the State provides medical and prescription coverage to local police officers and firefighters, who retire with 25 years of service or on a disability from an employer who does not provide postretirement medical coverage. Local employers were required to file a resolution with the Division in order for their employees to qualify for State-paid retiree health benefits coverage under Chapter 330.

The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L.1989.

Pursuant to Chapter 78, P.L, 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

#### **Contributions**

The Borough's contributions to SHBP for the years ended December 31, 2023, 2022 and 2021 were \$639,114.24, \$558,733.94, and \$492,143.12, respectively, which equaled the required contributions for each year.

#### **Total Net OPEB Liability**

At June 30, 2022, the Plan reported a Liability of \$11,095,257.00 for the Borough's proportionate share of the collective Net OPEB liability. The total Net OPEB Liability measured as of June 30, 2022 was determined by an actuarial valuation as of June 30, 2021, which was rolled forward to June 30, 2022.

The Borough's proportion of the Net OPEB Liability was based on the ratio of the plan members of an individual employer to the total members of the Plan's nonspecial funding situation during the measurement period July 1, 2021 through June 30, 2022.

At June 30, 2022, the Borough's proportion was 0.068703 percent, which was a decrease of 0.000844 percent from its proportion measured as of June 30, 2021. For the year ended June 30, 2022, the State reported OPEB benefit of \$171,543.00. This OPEB benefit was based on the OPEB plans June 30, 2022 measurement date.

At June 30, 2022, the State reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflow of	Deferred Inflow of
	Resources	Resources
Differences between expected and		
actual experience	\$572,971.00	\$2,056,589.00
Changes of assumptions	1,480,708.00	3,786,597.00
Net difference between projected and actual		
earnings on OPEB plan investments	2,921.00	
Changes in proportion	1,654,151.00	1,772,141.00
	\$3,710,751.00	\$7,615,327.00

Other local amounts reported by the State as the Borough's proportionate share of deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in the State's actuarially calculated OPEB (benefit)/expense as follows:

Year Ended	
<u>June 30,</u>	<u>Amount</u>
2023	(\$1,028,984.00)
2024	(1,029,872.00)
2025	(818,238.00)
2026	(378,489.00)
2027	(103,163.00)
2028-2029	(545,830.00)
	(\$3,904,576.00)

#### **Actuarial Assumptions and Other Inputs**

The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

#### Salary Increases:

Public Employees Retirement System (PERS): Initial fiscal year applied Rate for all future years

2.75% to 6.55%

Police and Firemen's Retirement System (PFRS):

Rate for all future years

3.25% to 16.25%

#### **Mortality**

PERS	Pub-2010 General classification headcount weighted mortality with fully generational mortality improvement projections from the central year using scale MP-2021
PFRS	Pub-2010 Safety classification headcount weighted mortality with fully generational mortality improvement projections from the central year using scale MP-2021

<sup>\*</sup> Salary increases are based on years of service within the respective plan.

#### Actuarial Assumptions and Other Inputs (Continued)

Actuarial assumptions used in the July 1, 2021 valuation were based on the results of the PFRS and PERS experience studies prepared for July 1, 2018 to June 30, 2021.

100% of active members are considered to participate in the Plan upon retirement.

#### Discount Rate

The discount rate for June 30, 2022 was 3.54%. This represents the municipal bond return rate as chosen by the State. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long- term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

## Sensitivity of the Borough's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate

The following presents the Net OPEB Liability associated with the Borough as of June 30, 2022, calculated using the discount rate as disclosed above as well as what the Net OPEB Liability would be if it was calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

		June 30, 2022	
	1.00%	At Discount	1.00%
	Decrease (2.54%)	Rate (3.54%)	Increase (4.54%)
Borough's proportionate share			
of the Net OPEB Liability	\$12,861,635.96	\$11,095,256.58	\$9,674,039.10

## Sensitivity of the Borough's Proportionate Share of the Net OPEB Liability to Changes in Healthcare Trends

The following presents the total Net OPEB Liability associated with the Borough as of June 30, 2022, calculated using the healthcare trend rate as disclosed above as well as what the Net OPEB Liability would be if it was calculated using a healthcare trend rate that is 1-percentage point lower or 1-percentage point higher than the current rate.

<u>Sensitivity of the Borough's Proportionate Share of the Net OPEB Liability to Changes in Healthcare Trends (Continued)</u>

		June 30, 2022	
	1.00%	Healthcare Cost	1.00%
	<u>Decrease</u>	Trend Rate	<u>Increase</u>
Borough's proportionate share			
of the Net OPEB Liability	\$9,412,440.20	\$11,095,256.58	\$13,250,470.51

#### **OPEB Plan Fiduciary Net Position**

Detailed information about the OPEB plan's fiduciary net position is available in the separately issued Financial Report for the State of New Jersey State Health Benefits Local Government Retired Employees Plan. The report may be obtained at State of New Jersey Division of Pensions and Benefits P.O. Box 295 Trenton, New Jersey 08625-0295 <a href="http://www.state.nj.us/treasury/pensions">http://www.state.nj.us/treasury/pensions</a>

#### NOTE 16: DEFERRED CHARGES TO BE RAISED IN SUCCEEDING BUDGETS

Certain expenditures are required to be deferred to budgets of succeeding years. At December 31, 2023, the following deferred charges are shown:

	DE	BALANCE ECEMBER 31, 2023	 24 BUDGET PROPRIATION		ALANCE TO JCCEEDING <u>YEARS</u>
Current Fund: Emergency Appropriations-40A:4-53	_\$	264,600.00	\$ 92,920.00	_\$_	171,680.00
	\$	264,600.00	\$ 92,920.00	\$	171,680.00

#### NOTE 17: TAX APPEALS

There are several tax appeals filed requesting a reduction of assessments for the year 2022. Any reduction in assessed valuation will result in a refund of prior years' taxes in the year of settlement, which may be funded from tax revenues through the establishment of a reserve or by the issuance of refunding bonds per N.J.S.A. 40A:2-51. The Borough has made provision in the amount of \$38,592.02 for these appeals in the event tax reductions are granted.

#### NOTE 18: TAX ABATEMENTS

The Borough negotiates property tax abatement agreements on an individual basis. The Borough has a tax abatement agreement with four entities as of December 31, 2023:

	Taxes if billed		Received for			
	i	at full 2023	Payments in Lieu of		Taxes	
Purpose of Agreement		Tax Rate	Taxes & Land Tax			<u>Abated</u>
Fanwood Crossing II - Construction of low						
and moderate income housing project	\$	201,824.46	\$	93,012.15		108,812.31
Fanwood Crossing III - Construction of low						
and moderate income housing project		98,052.59		50,199.91		47,852.68
250 South Ave - Construction of low						
and moderate income housing project		158,169.06		86,783.55	-	71,385.51
Station Square at Fanwood LLC - Constuction						
of low and moderate income housing project		200,953.20		157,865.13		43,088.07
Total	\$	658,999.31	\$	387,860.74	\$	271,138.57

The full amount to be raised by taxes for support of each Government's budget is levied on properties not subject to such agreements, therefore there is no aggregate reduction of tax revenue to the Governments as a result of the abatement.

These agreements were negotiated under the Long Term Tax Exemption Law, N.J.S.A. 40A:20-l et seq (the Law), which authorizes municipalities to enter into financial agreements with Urban Renewal Entities. An Urban Renewal Entity is a limited-dividend entity or a nonprofit entity which undertakes redevelopment projects (both commercial and residential), relocation projects for residents displaced by the redevelopment area, and low and moderate income housing projects in return for tax exemptions, or payments in lieu of taxes referred to as "annual service charges".

The Law allows annual service charges to be calculated as a percentage of either gross revenue from each unit of the project or from total project cost, if the project is not undertaken in units. In the case of low and moderate income housing projects, the annual service charge shall not exceed 15% of annual gross revenue or 2% of total project cost. For all other projects, the annual service charge shall not be less than 10% of annual gross revenue or 2% of total project cost. The Borough's abatements are categorized as low and moderate income housing projects. There are a total of five stages in the abatement period. The final four phases require the Urban Renewal Entity to remit the greater of the agreed upon annual service charge or 20%, 40%, 60% and 80%, respectively, of the amount of taxes otherwise due on the value of the land and improvements.

#### NOTE 18: TAX ABATEMENTS (CONTINUED)

The Law only allows for taxes on improvements to be abated. Taxes on land are billed quarterly to the Urban Renewal Entity and are credited against the annual service charges due. To administer the billing, the land value and improvement value of the abated property are separate line items in the tax assessment and collection records. The land value is billed quarterly at the total property tax rate. The improvement value is classified as exempt property (Class 15F), generating no bill.

Under the Law, abatements may provide for an exemption period of less than 30 years from the completion of the entire project or less than 35 years from the execution of the financial agreement. Further, Urban Renewal Entity profits are restricted and any excess profits are payable to the municipality as an additional annual service charge.

The Law does not provide for the recapture of abated taxes in the event an abatement recipient does not fulfill the commitment it makes in return for the tax abatement. However, in the event of default, the Borough has the right to proceed against the property pursuant to the In Rem Tax Foreclosure Act, N.J.S.A. 54:5-1 and/or may terminate the agreement. The Borough has not made any commitments as part of the agreements other than reduce taxes. The Borough is not subject to any tax abatement agreements entered into by other governmental entities.

#### NOTE 19: DEFICICENCY AGREEMENTS

The Borough has guarantee agreements with the Union County Improvement Authority in which the Borough agreed to guarantee the punctual payment of the principal and interest on the following Long-Term Bonds and Bond Anticipation Notes issued by the Authority.

			Bonds
			Outstanding
Title of Issue	<u>Dated</u>	Dec	ember 31, 2023
Union County Improvement Authority			
Guaranteed Lease Notes Fanwood			
Public Works Facility Project 2021	August 26, 2021	\$	2,000,000.00

The Borough has a guarantee agreement with the Union County Improvement Authority in which the Borough agreed to guarantee the punctual payment of the principal and interest on Long-Term Bonds which have been authorized but have not been issued by the Authority.

			Bonds	
		. A	Authorized but	
			Not Issued	
Guaranty Ordinances	<u>Dated</u>	<u>December 31, 2022</u>		
Fanwood Public Works Facility Project	July 19, 2021	\$	6,000,000.00	

#### NOTE 20: FIXED ASSETS

Below is a summary of the General Fixed Assets Account Group for the year ended December 31, 2022:

		Balance December 31, 2022	<u>Additions</u>		Balance December 31, 2023
Land Buildings Machinery and Equipment	\$	3,614,773.00 \$ 1,141,430.00 6,332,402.08	19,462.20	\$	3,614,773.00 1,141,430.00 6,351,864.28
	\$ ;	11,088,605.08 \$	19,462.20	- \$ <u>.</u>	11,108,067.28

#### NOTE 21: LEASES

The Borough, as lessor, has entered into the following leases:

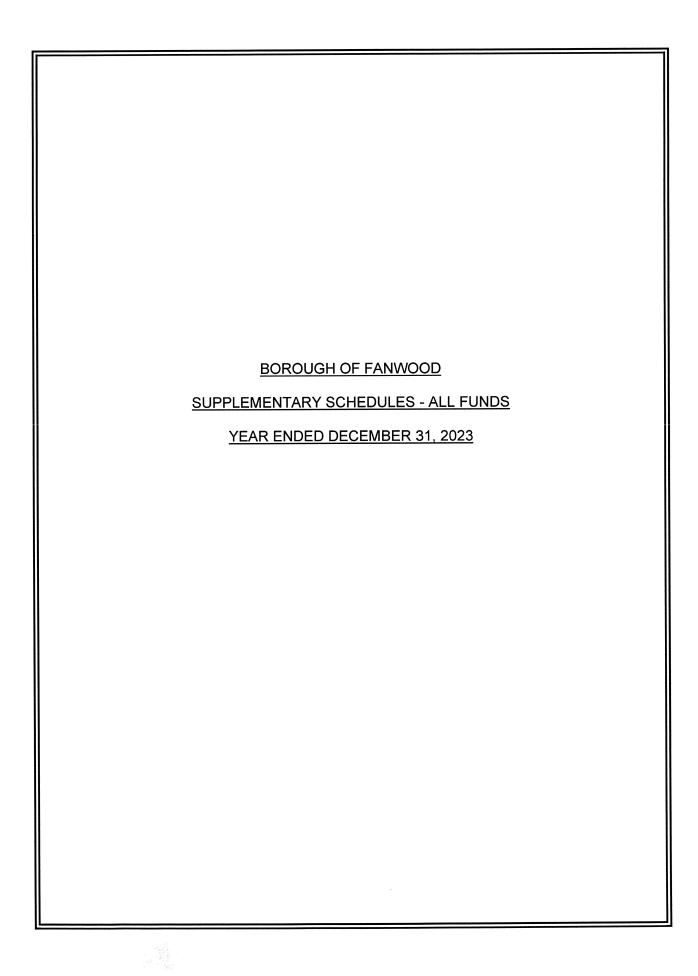

- Cell Tower Verizon Wireless. The current lease term expires 9/27/27 with three successive five-year extensions available and includes annual increases of 3.00%. Payments in 2023 totaled \$52,913.29.
- Cell Tower T-Mobile. The current lease term expires 8/29/24 with one successive five-year extension available and includes annual increases of 3.00%. Payments in 2023 totaled \$46,737.92.

#### NOTE 22: SUBSEQUENT EVENTS

The Borough has evaluated subsequent events occurring after the financial statement date through May 3, 2024 which is the date the financial statements were available to be issued.

#### Issuance of Debt:

The Borough issued \$8,601,765.00 in General Bond Anticipation Notes, Sewer Utility Bond Anticipation Notes, and Special Emergency Notes at an interest rate of 4.25% dated February 29, 2024 and maturing on February 28, 2025.

All Bonds were examined and properly executed.

#### GENERAL COMMENTS

## CONTRACTS AND AGREEMENTS REQUIRED TO BE ADVERTISED FOR (N.J.S.A. 40A:11-4)

Every contract or agreement for the performance of any work or the furnishing or hiring of any materials or supplies, the cost or the contract price whereof is to be paid with or out of public funds, not included within the terms of Section 3 of this act, shall be made or awarded only by the governing body of the contracting unit after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding in the aggregate the amount set forth in or the amount calculated by the Governor pursuant to Section 3 of P.L. 1971 c.198 (C.40A:11-3), except by contract or agreement.

Effective July 1, 2020, the bid threshold in accordance with N.J.S.A. 40A:11-4 is \$17,500.00 or up to \$44,000.00 if the entity has a Qualified Purchasing Agent. Per Resolution 19-10-168, the Borough extended an existing agreement with another municipality to provide Qualified Purchasing Agent Services effective October 21, 2019 for another three year period ending December 31, 2022. The Borough has subsequently elected to renew the agreement for another three year period per Resolution 2023-01-23.

The governing body of the Municipality has the responsibility of determining whether the expenditures in any category will exceed \$44,000.00 within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Borough Counsel's opinion should be sought before a commitment is made.

The minutes indicate that bids were requested by public advertising for the following items:

Carriage House Roof Project
Fanwood Nature Center Improvements
ADA Ramp Improvements
Recycling Services

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear cut violations existed. Our examination of expenditures did not reveal any individual payments, contracts or agreements in excess of the bid threshold for the performance of any work or the furnishing or hiring of any materials or supplies, other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of N.J.S.A. 40A:11-6.

The minutes indicate that resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" as required by N.J.S.A. 40:11-14:

Bond Counsel Auditor Attorney Engineering & Architectural Service Grant Writer Insurance Broker

In addition, purchases utilizing state contracts were made for the following:

Purchase of Playground Equipment

#### **GENERAL COMMENTS (CONTINUED)**

## COLLECTION OF INTEREST ON DELINQUENT TAXES AND ASSESSMENTS

The statute provides the method for authorizing interest and the maximum rate to be charged for the non-payment of taxes or assessments on or before the date when they would become delinquent.

The governing body on January 2, 2023 adopted the following resolution authorizing interest to be charged on delinquent taxes and assessments:

The Collector of Taxes shall charge interest at the rate of eight (8%) percent per annum on the first \$1,500.00 of the delinquency, which term is defined in N.J.S.A. 54:4-67, and eighteen (18%) percent per annum on any amount of the delinquency, as that term is defined in N.J.S.A. 54:4-67, in excess of the \$1,500.00, to be calculated from the date the taxes and/or assessments were payable until the date that actual payment to the lien holder is next authorized; and the Tax Collector shall also charge a penalty of an additional six (6%) percent of the amount of the delinquency, as that term is defined by N.J.S.A. 54:4-67, to a taxpayer with such a delinquency in excess of \$10,000.00 and who fails to pay that delinquency prior to the end of the fiscal year. If such taxes and/or assessments are fully paid and satisfied by the holder of an outstanding tax sale certificate, such holders shall be entitled to receive the six (6%) percent penalty as part of the amount required to be paid by the taxpayer in order to redeem such tax sale certificate.

It appears from an examination of the Collector's records that interest was collected in accordance with the foregoing resolution.

#### VERIFICATION OF DELINQUENT TAXES AND OTHER CHARGES

A test verification of delinquent charges and current payments was made in accordance with the regulations of the Division of Local Government Services, including the mailing of verification notices as follows:

#### **TYPE**

Payments of 2024 Taxes	25
Payments of 2023 Taxes	25
Delinquent Taxes	25
Payment of Sewer Utility Charges	15
Delinquent Sewer Utility Charges	15

### GENERAL COMMENTS (CONTINUED)

#### TAX TITLE LIENS

The last tax sale was held on October 24, 2023 and was complete.

An examination of the tax sale certificates revealed all certificates were on file and available for audit.

The following is a comparison of the number of tax title liens receivable on December 31 of the last three years:

<u>YEARS</u>	OF LIENS
2023	1
2022	2
2021	1

It is essential to good management that all means provided by statute be utilized to liquidate tax title liens in order to get such properties back on a tax paying basis.

#### **OTHER COMMENTS**

#### Interfund Balances

Transactions invariably occur in one fund which require a corresponding entry to be made in another fund, thus creating interfund balances. Reference to the various balance sheets show the interfund balances remaining at year end. As a general rule all interfund balances should be closed out as of the end of the year. It is the Borough's policy to review and liquidate all interfund balances on a periodic basis.

#### Encumbrance System

On a test check basis, we examined the paid claims of the various funds for proper signatures, approvals and authorizations, support documentation, correct extensions and applicability to account or appropriations charged. Our examination disclosed that several orders were placed prior to encumbrance of funds, and invoices and approval signatures were not always present.

#### General and General Capital Fund Ledgers

Several adjustments needed to be made to the Current Fund and General Capital Fund Ledgers to properly reflect account balances.

#### Payment and Approval of Claims

Our review of cash disbursements noted that several vouchers were paid without the required certification of an employee having knowledge of the goods that have been received or services rendered to the municipality.

#### **RECOMMENDATIONS**

- \*That funds be encumbered prior to ordering of goods and services and all vouchers contain the required support documentation and approvals prior to their payments.
- \*That the Current Fund and General Capital Fund General Ledgers be accurately maintained.
- \*That all vouchers contain the required certifications prior to their payments.

\*Prior Year Recommendations
