## Fanwood Police Department PET REGISTRATION FORM

**Send to:** [police@fanwoodnj.org](mailto:police@fanwoodnj.org)

*This initiative is to help reunite found animals with their owners before Animal Control is notified. When we locate an animal, we will search this database to see if we can quickly identify the animal and its owner.*

**Please include photographs of your pet** along with any distinctive features (e.g., scars, spots) in your submission. The more information you give us, the quicker we may be able to reunite you both!

### Owner Information

Below, please give us any information on your pet that may help us reunite you both. You can include distinguishing features (scars, marks, different eye colors, etc). You can include unique words that it may know, if there's a specific place it goes to when it's off leash, etc. Anything helps!

*This is a separate database solely used by police as a tool to assist when an animal is lost. It is not meant to take the place of licensing your pet. Pets may participate in this registry only if they are already licensed with the Borough, as is required per municipal code and state law. The pet license application can be accessed using this [link](#).*
